Docker Workshop

By Martin Eriksson
for Dev-Forum GBG 2022-02-09

Agenda

- Intro   15 min
- Workshop   30 min
- Beer + Pizza + Mingle   15 min
- Workshop / Discussion   30 min

What is a container?

Why containers?

1.   Reproducible & Self-contained
2.   Distribution & Deployment
3.   Scaling

Lifecycle and Terminology

What is the difference between an Image and a Container?

```
Dockerfile  →  Image  →  Container
                         Container
                         Container

> docker build        > docker run
```
